Important information regarding Private Patient Charges – Please Read Carefully

It is hospital policy to collect all charges for any private (self funded) treatment before the treatment is given.

- **Consultations – payment in full is required by the due date stipulated on your invoice** - A full refund will be made if you cancel your appointment giving 2 working days notice. **Please note** - Your appointment will be cancelled if payment is not received by the due date.
- **Medical Treatment – payment in full is required by the due date stipulated on your invoice** – for cycles that are abandoned prior to retrieval/transfer part refund is given (as detailed in the cost sheet). Failure to make a payment prior to your due date will result in your procedure/treatment being cancelled.
- **Prescription Charges** – private prescriptions will be paid for by the patient as and when they are prescribed a medication at the hospital pharmacy.
- **Hospital Charge** – Prices that come under '*Hospital Charge*' are fees for the staff, theatre use, medical equipment and the use of consulting rooms.
- **Consultant Charge** – Prices that come under '*Consultant Charge*' are fees for the Consultant who you are assigned to for the duration of your treatment.
- **Total Charge** – is the combined fee of the *hospital charge* and the *medical fee*.
- **Anaesthetist Charges** – The Anaesthetist charges are not listed on the private patient cost list, however you can expect to receive an invoice for the Anaesthetist charges. It is up to the discretion of the Anaesthetist who is assigned to the theatre list on the particular day of any theatre procedure as to what charge they put forward. **The Anaesthetists are not employed by the Assisted Reproduction Unit and are responsible for collection of payment for their services from private patients.**
- **PAYMENT METHODS & INSTRUCTIONS OF HOW TO PAY ARE DETAILED ON INVOICES GENERATED**
