### OPEN COMMERCIAL STUDIES: ODP DATA CUT 06/02/2017.

Specialism	Principal Investigator	Study name	Total Target recruitment	Total Actual Recruitment
<b>Recently opened studies</b>				
Cardiology	Dr Justin Carter	RELAX EU	1	0
Stroke	Dr I Anwar	PGRX	5	1
Cardiology	Dr Justin Carter	DALGENE	8	0
Cardiology	Dr Justin Carter	REPORT -HF	15	15
Cardiology	Dr Mathew Dewhurst	PARAGON	6	2
Respiratory	Dr Benjamin Prudon	IMPACT	10	4
Gastroenterology	Dr Roisin Bevan	MOGIC	5	13

A slightly belated Happy New Year from the R&D department. We continue to be behind our target for the year but our position has improved considerably compared with last month. We would like to remind everyone to **please continue to submit responses to Expressions of Interest (EOIs) for commercial studies**, even if declining a reason should be given. Our response rate has declined significantly over the last few months (55% vs 84%). Thank you.

### Obs & Gynae Update:

Dr Iona Macleod (PI) and Sharon Gowans (Research midwife) have started their first commercial study (**PREMIUM**) The study opened on 26/11/2016 and they recruited the first participant on the same day! WELL DONE TO THE TEAM! on recruiting so quickly. A huge well done to Dr Santhosh Puthuraya and Research Nurse Sharon Gowans for over recruiting by 280% to the **VUE trial**. The study has now closed to recruitment.

### Newcastle University

#### Enhancing Career Development with an Online MCLinRes

Newcastle University's Faculty of Medical Sciences offers online and campus-based postgraduate programmes in Clinical Research. It's always good to hear about a course from a student's perspective, Newcastle have added a new case study to the Faculty's website. Their next Clinical Research programmes begin in September and you can make your application online.

### Congratulations to the Stroke team !!

The team recruited their first patient into the "LoTS2care" study 1 day after getting the sponsor green light to start recruitment. The study is a longer term strategy to support stroke survivors and their carer following stroke.

### TOP 5 RECRUITING SPECIALISMS FOR JANUARY

1. Obs & Gynae	17
2. Cancer	14
3. Hepatology	7
Children	3
4. Stroke	3
5. Gastroenterology	2
<hr/>	
Grand Total	46

### Amazing!!!

Congratulations to the Respiratory team on recruiting the first Teesside patient for the "EMPRESS" study!

### STAR OF THE MONTH!

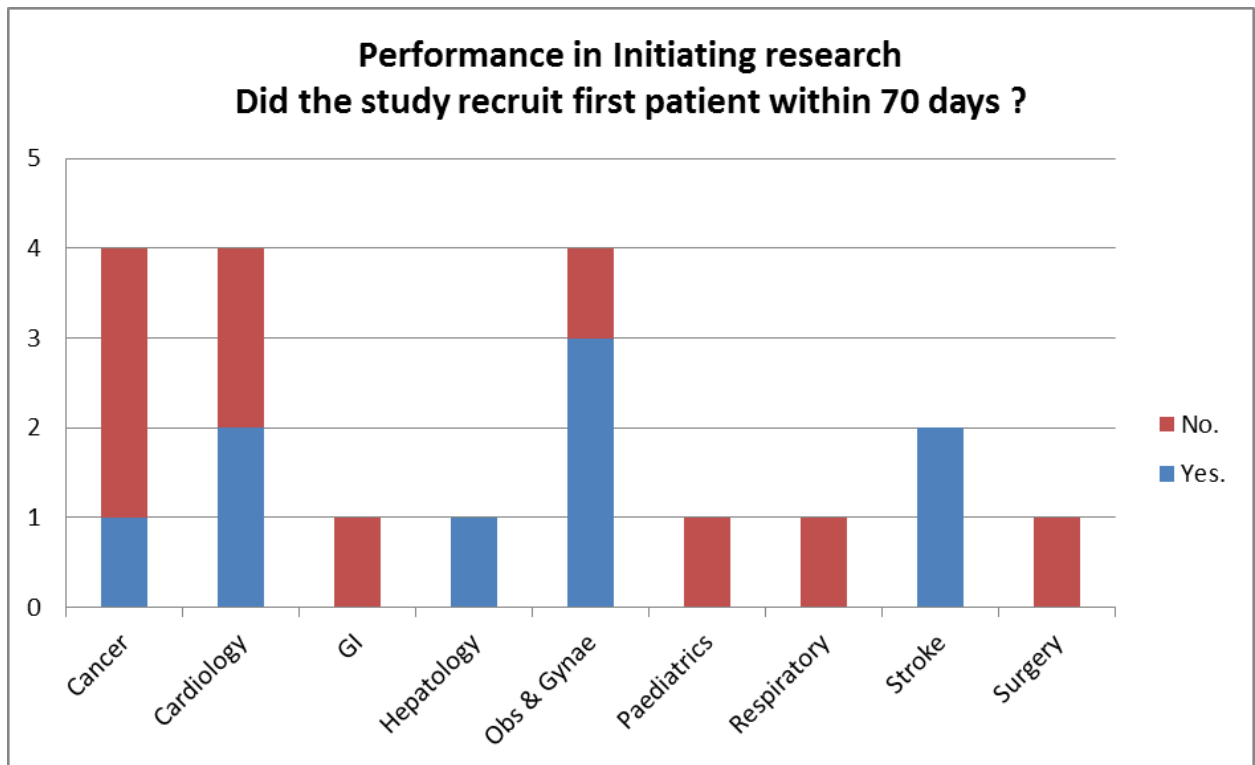

### OBS & GYNAE RESEARCH TEAM

TOP RECRUITERS RECRUITING 17 PATIENTS  
IN JANUARY 2017!

WELL DONE!!

# Performance in Initiating and Delivering Research 2016/17

Cumulative date from April—December 2016

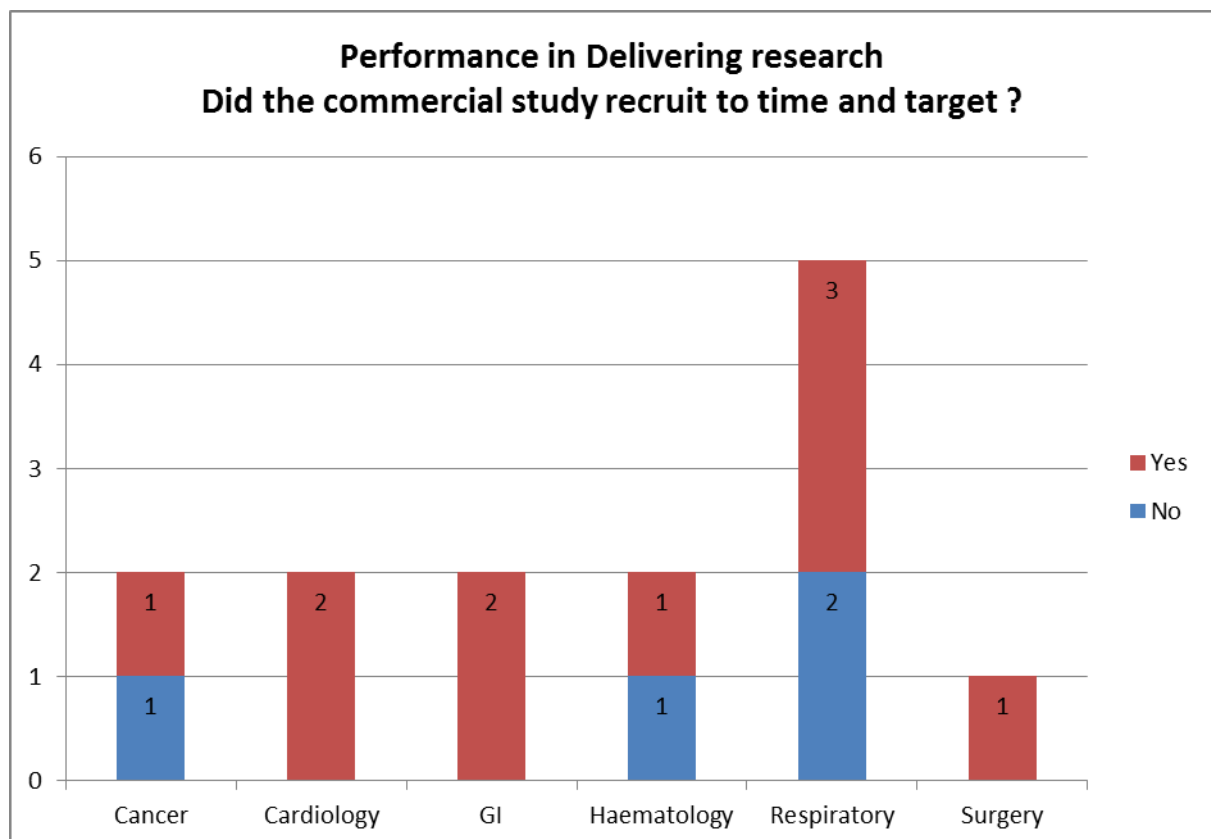

Of the studies not meeting the target the reasons are shown below:

1 due to NHS Trust delay

6 due to Sponsor delay

3 Neither –sponsor or NHS delay - no eligible patients seen/consented

### Research Staff

<b>Director</b>	Professor Samir Gupta	24090
